

# Custom Badge Holders

## *A Flexible and Adaptable Employee ID & Employee Recognition Solution*

Many companies and organizations are using the badge holder for far more than a fastener to hold an employee's badge.

- *Do you have a service award pin program that no one wears? Recreate it into a badge holder that employees will use everyday!*
- *Do you want a program to satisfy multiple award recognition goals (safety, attendance, quality, etc.)? Have us create a custom badge holder with add-ons (like feathers, custom dangle charms, stars, stones, etc.) that can be awarded on the spot or at a special presentation and worn proudly for all to see.*

Don't miss out! Call us today about how your company can benefit from custom badge holders.
