

Ginger Snap™ Interchangeable Fashion Jewelry

Ginger Snaps are a new style of interchangeable jewelry featuring button-like “snap” charms that you snap in and out of stylish bracelets, necklaces, rings and more. They come in two sizes - the traditional “Ginger Snap” and the smaller “Petite Snap.” These one-of-a-kind pieces can be customized for the corporate marketplace with custom “snaps” to commemorate a conference or annual meeting, a career path title, a sales achievement level or any other recognition a company wishes to convey. They can be intermixed with generic fashion snaps to create a piece fun to wear in and out of the office!
