Subject: **Elite Safe Driver Recognition Program**

I just wanted to take a minute and formally say "Thank You" for everything that you have done to help support our driver award and recognition strategy. Since 1998, our Safety team and management group have received some very positive feedback from our driver group about the professionalism and quality of the safety awards presented to them.

All of that is the result of the effort and commitment you have made, along with the E.A Dion team to ensuring that our driver recognition program is exciting and dynamic enough to make a significant impact on the recipients

It really makes me proud to be associated with a professional like yourself, and to know that you have our interests and needs at heart when helping us make decisions about this program. I look forward to continuing our relationship in the future and again thank you for helping us continuing on the path to the "Safest Fleet in North America".

Best Wishes,

A handwritten signature in cursive script, reading "Michael M. Meyer", with a long horizontal flourish extending to the right.

Michael M. Meyer
Fleet Safety Manager
