

Recognize your top achievers in a personal way.

Whatever the corporate trip or event, one of the keys to its success is attention to detail. No amenity can be overlooked. No comfort neglected.

Custom, personalized trip charms and lapel pins, or "pillow gifts" as they are commonly known today, assist in satisfying your high achiever's expectations of luxury treatment with the organization's desire to extend, expand and strengthen these important relationships. Theme bracelets of multiple charms, or a classically elegant necklace with a charm pendant, allow the individual to quietly communicate status and success in an acceptable and gracious manner.

Today, trip charms and lapel pins are as popular as ever and have found a home in the recognition market. Consider celebrating your next corporate trip or event with these personalized keepsakes.
